

Reliable, Relevant, Flexible, Successful

SUPPORTING TEACHING & LEARNING ADVANCED APPRENTICESHIP

An Apprenticeship enables an individual to learn, work and earn, and become qualified at the same time. It is a nationally recognised programme designed with the help of employers in the industry and the sector skills council.

This Apprenticeship is a framework based upon a combination of qualification outcomes which together provide the knowledge, understanding and skills required for teaching support roles with management and leadership elements, whilst fulfilling the national criteria for Apprenticeships.

The Advice and Guidance Apprenticeship would be suitable for those working in an advanced teaching support role within primary or secondary schools, either paid or voluntary.

How can this Apprenticeship benefit my business?

- Increase productivity
- Increase motivation
